

## How to use the Key to the Highway™ card to purchase fuel at locations with a card reader terminal that serves ALL fueling locations

Locate the nearest card reader terminal (all terminals serve all fuelling locations).

### At the card reader:

- Select language.
- Lift door.
- Insert and quickly remove the card, with the magnetic stripe to the right, on the upper half of the card.
- Follow the on-screen instructions, using the keypad to enter information. See the list below for a summary of prompts.

### Notes:

- Press ENTER to bypass optional prompts that have not been set up for your account.
- You can access any pump from any card reader.
- Press HELP for on-screen information, or contact the Esso™ Key to the Highway customer service team at 1-800-264-9495 or imperial@efsllc.com if you have any questions.

**How to use the Key to the Highway™ card to purchase fuel at locations with a card reader located right at the fueling location, and containing a COLOUR display screen**

**At the card reader:**

- Insert your Esso™ Key to the Highway card at card reader at the fueling location.
- Follow the prompts (see below for differences in order/question type versus the traditional fueling sequence).

*Notes:*

- Many of these locations have numeric keypads at the pump that do not include unique keys for each letter of the alphabet. At locations with a numeric key pad, you must press the number keys multiple times to enter alpha characters. For example: press "5" twice for "K", similar to entering letters on a traditional touchtone phone.
- Press HELP for on-screen information, or contact the Esso Key to the Highway customer service team at 1-800-264-9495 or imperial@efslc.com if you have any questions.
